

"God is your Father in Heaven. He knows you personally. Jesus Christ is the Son of God and your Savior. His life and teachings are the way to peace and happiness."

What the Church of Later Day Saints believes

Much of what the Church of Later Day Saints teaches and promotes, appears to stand in-line with main stream biblical Christianity. On further study you will find that there are some distinct differences in their teachings. Differences that make it impossible for biblical mainstream Christians and Mormans to stand united on.

They believe that God established the gospel of Jesus Christ on the earth through their prophet Joseph Smith who was sent to restore God's truth. They believe that the evidence of this restoration is not found in the Holy Bible as used by most Christians, but in their Book of Mormon.

More coming soon....
